### EXAMINER'S ACTION

SN 38459

U.S.GPO:1990-259-282

This application is in condition for allowance except for the following formal matters:

**In the Specification:**

The disclosure is objected to because of the following informalities: Page 2, line 1, note that “**FILED**” should be correctly spelled as ~~FILED~~. In the replacement paragraph bridging pages 10 & 11, lines 22, 37 therein, note that “51b” should be deleted as being inappropriate at each occurrence; line 28 therein, should “Fig. 3(c)” correctly be --Fig. 3(b)-- which is the figure that depicts “adapter (51’)?; line 33, therein, note that “inner cavity” should be rephrased as --waveguide channel--. Appropriate correction is required.

**In the Claims:**

The following claims have been found objectionable for reasons set forth below:

In claim 1, third paragraph, 10<sup>th</sup> line therein; claim 5, 8<sup>th</sup> line; claim 6, line 7: note that --the-- should be inserted prior to “microwave” for a proper characterization at each occurrence.

In claims 5 & 6, line 3 of each claim, should --also-- follow “waveguide probe” for a proper characterization?; line 8 of each claim, note that “said reference plane of” should now be deleted from these claims in view of the deletion of “reference planes” in independent claim 1.

In claim 8, line 1, note that “n” should be deleted as being inappropriate.

In claims 9, 10, lines 5, 7 of each claim, note that --receiving-- should precede each occurrence of “platform” to distinguish it from other “platforms” which have been recited.

Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 1935 C.D. 11, 453 O.G. 213.

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.
